Section 15, pertaining to the Department of Behavioral Health and Developmental Disabilities, page 20, Line 586:

The General Assembly seeks to direct the Department of Behavioral Health and Developmental Disabilities to enter into a Memorandum of Understanding with the Georgia Vocational Rehabilitation Agency in order to receive additional federal funding for supported employment services. The General Assembly further directs that the Georgia Vocational Rehabilitation Agency direct \$1,000,000 of the additional federal funding to the Department of Behavioral Health and Developmental Disabilities. Page 23, Line 675 of HB 744 also directs the Department to provide an actionable plan to the General Assembly to create third party cooperative arrangements between the Department, University System of Georgia, Technical College System of Georgia, and Georgia Student Finance Commission to maximize financial assistance for vocational rehabilitation clients. It is premature to redirect resources between agencies prior to the creation of an actionable plan detailing how best to maximize available financial assistance for vocational rehabilitation services. Therefore, the Department is authorized to determine the most efficient use of available resources to maximize services for vocational rehabilitation clients in accordance with federal regulations and the general law powers of the Department.

Section 17, pertaining to the Department of Community Health, page 30, line 885:

The General Assembly seeks to instruct the Department to provide emergency transportation for medically indigent citizens 21 years of age and older by rotary wing air ambulance at the same reimbursement rates as citizens under the age of 21 through the Departmental Administration and Program Support program. The purpose of the Departmental Administration and Program Support program is to provide administrative support to all

departmental programs. Review and reimbursement of health care claims to providers for medical services falls outside the scope of the purpose of the Departmental Administration program. Additionally, no funds were appropriated to the program to support implementation of the policy. The Departmental Administration and Program Support program does not have sufficient internal resources to redirect funds to implement this policy. Therefore, the Department is authorized to operate the program in accordance with the purpose of the program and the general law powers of the Department.

Section 27, pertaining to the Department of Human Services, page 69, line 2158:

The General Assembly seeks to direct the Georgia Vocational Rehabilitation Agency to enter into a Memorandum of Understanding with the Department of Behavioral Health and Developmental Disabilities in order to receive additional federal funding for supported employment services. The General Assembly further directs that the Georgia Vocational Rehabilitation Agency direct \$1,000,000 of the additional federal funding to the Department of Behavioral Health and Developmental Disabilities. Page 68, Line 2121 of HB 744 also instructs the Agency to provide an actionable plan to the General Assembly to create third party cooperative arrangements with the Department of Behavioral Health and Developmental Disabilities, University System of Georgia, Technical College System of Georgia, and Georgia Student Finance Commission to maximize financial assistance for vocational rehabilitation clients. It is premature to redirect resources between agencies prior to the creation of an actionable plan detailing how best to maximize available financial assistance for vocational rehabilitation services. Therefore, the Agency is authorized to determine the most efficient use of available resources to maximize services for vocational rehabilitation clients in accordance with federal regulations and the general law powers of the Agency.

Revenue History

Revenue Shortfall Reserve

The 1976 session of the General Assembly created the Revenue Shortfall Reserve in lieu of the Working Reserve. This reserve acts as a savings account or "rainy day" fund for the state should revenue collections decline unexpectedly or uncontrollably. Current law provides that the reserve cannot exceed 15% of the previous year's net revenue. For each fiscal year, the General Assembly may appropriate an amount up to 1% of the net revenue collections of the preceding fiscal year for funding increased K-12 needs. In addition, the Governor has the authority to release funds from the reserve in excess of 4% of the net revenue of the preceding fiscal year. The chart for FY 2013 includes agency surplus collected after June 30, 2013 and does not include funds used for mid-year K-12 adjustment in FY 2014.

Department of Justice (DOJ) Settlement Agreement Funding

The Settlement Agreement signed October 19, 2010 between the United States of America and the State of Georgia requires funding for community services directed towards developmental disabilities and mental health consumers of the Department of Behavioral Health and Developmental Disabilities (DBHDD). The agreement also calls for DBHDD to partner with other state agencies such as the Department of Community Health and the Department of Community Affairs in order to support the needs of its consumers.

The Settlement Agreement establishes yearly targets from FY 2011 to FY 2015 for developmental disabilities, mental health, and quality management. State compliance with the targets established in the agreement will be verified by an Independent Reviewer.

1) All other Medicaid benefit expenditures do not include inpatient hospital services.

The U.S. Supreme Court decision, *Olmstead v. L.C.* (1999) declared that unnecessary segregation of individuals in institutions might constitute discrimination based on disability and be a violation of the Americans with Disabilities Act. The decision affects qualified individuals with a physical, mental, or age-related disability who are receiving state-supported long-term care in a state hospital or nursing home that could also benefit from community placement and are not opposed to the move. It also affects people with disabilities who need state-supported community-based services to avoid going to state hospitals or nursing homes. Since the *Olmstead* decision, Georgia has taken steps to comply with the ruling by making more community services available and accessible to Georgians with disabilities.
